■ EXPERIENCE

Senior Software Development Specialist (Product Designer)

Apr 2022 – Present

REWE International AG · Vienna

- Led end-to-end UX of a nationwide self-checkout system deployed across Austria — an enterprise embedded system serving millions of customers daily
- Reduced staff assistance requests by 13.5% and product search errors by 17%, achieving 8/10 customer satisfaction in live environment
- Designed a white-label touch-device design system scaled across REWE, Penny, and BIPA brands and markets
- Drove AI-assisted design workflows using Figma Make and Claude MCP, accelerating design iteration and delivery

Product Designer & Low-Code Developer

Oct 2020 – Jan 2022

Tubics · Vienna

- Sole designer for a B2B SaaS video optimisation platform; redesigned core workflows increasing session engagement from 20% to 70%
- Built and maintained design system components using Storybook; co-designed YouTube Rank Tracker listed on the SEMrush App Store

UX/UI Designer (Part-Time)

Nov 2019 – Oct 2020

Hotelkit · Salzburg

- Designed the housekeeping module, now used by hotel staff in 1,200+ hotels globally and Hotelkit's second best-selling feature

Junior UX Designer — Growth Squad

Oct 2018 – Oct 2019

WUZZUF · Cairo

- Redesigned B2B job-posting dashboard; increased form completion rate by 35% on a platform serving 10M+ job seekers

■ PROJECTS & INTERSHIPS

Frontend Engineer & Product Designer (Co-founder)

Jul 2025 – Present

lehr.app — AI German Learning Platform

- Owned product vision, UX, and frontend (React, Next.js) for a live AI learning platform as co-founder
- Designed and implemented streaming LLM feedback UX using WebSockets, reducing perceived AI latency by 1–2 minutes

Frontend Developer Internship (Part-Time)

Mar 2024 – Oct 2024

Suplyd · Remote

- Implemented UI improvements in React, Ant Design, MobX, GraphQL, and Next.js alongside senior engineering team

■ SKILLS

Design:

Figma · UI Design · Interaction Design · Design Systems · Accessibility · UX Research · Usability Testing · Hotjar · Google Analytics

Engineering:

React · Next.js · TypeScript · Tailwind · HTML/CSS · Git · AI-assisted development (Cursor, v0, Claude MCP)

AI Workflow:

Figma Make → Claude → Figma Make pipeline · MCP integrations (Figma, Notion, Mobbin) · Streaming LLM UX design

■ EDUCATION

MSc Human-Computer Interaction

2019 – 2021

FH Salzburg

- Specialised in user research, interaction design, and 3D prototyping

BSc Material Engineering
